

## KETT WIESEL | ALLROUND

### ***A whole extra wheel of fun!***

*The curve-kick straight from the hip: Between the two rear wheels hangs the ultimate fun seat because this curve-eating machine will turn any triker into a cornering junky. High power, stable handling, and unmatched cornering – riding thrills that racing bikers only dream of.*

A stiff 7005 aluminum frame, a low-riding mesh seat between two road-gripping wheels, and a whole lot of joystick feeling in the handlebars: The KettWiesel Allround is the trike for anyone looking for a little extra speed. And it's not just for zipping down hills after work; this curve-maniac devil will also add zest to your

cross-country tour or daily commute. With all its sportiness, the KettWiesel is a Hase-made machine, through and through: A robust trike, designed with a combination of experience and passion for detail and hand-made in the historic coalmine buildings of the Zeche Hibernia in Waltrop, Germany. Discover the

unique pleasures of triking: No need to dismount at stoplights, no wobbling at low speeds, and no handling difficulties for beginners. Versatility is a given: With the quick-adjust system, the frame can be easily adjusted to riders of all sizes. The family-friendly KettWiesel can accommodate riders between 110 and

195 cm (3' 7" and 6' 5") in height, and for adjustments of up to 25 cm (10"), there is no need to adjust the chain length. The mesh seat with ergonomic supports prevents lower back pain and carries you sportily – yet comfortably – at a seat height of 46 cm (18"). The seat back is infinitely adjustable to your speed and

sightseeing requirements. Two modern Avid cable-actuated disc brakes on the rear wheels ensure a ride that's as safe as it is fun: Full braking performance in any weather. Marathon tires with Kevlar puncture protection give sport glass shards the brush off. After all, most fanatical KettWieslers have no time for fixing flats.
